Goals

1. Teaching and Motivation: To educate and inspire the underprivileged school students to stay focused on their studies.
2. Skill Development: To enhance public speaking abilities, team-work, and organizational management skills through active management and hands-on experience.
3. Student Interaction and Support: To engage with students to help them overcome difficulties by providing encouragement and boosting their confidence.

Achievements

1. Enriching Teaching Experience: The Summer Camp and TLF provided valuable teaching experience by instructing subjects like Robotics and General Knowledge to students of class 9th to class 12th.
2. Engaging Student Interaction: I enjoyed interacting with the students and helping them expand their knowledge in a fun and engaging way.
3. Skill Development and Networking: It significantly improved my public speaking skills and allowed me to make new friends.

Plan and Adherence

1. Interactive Presentations: The children were taught using interactive presentations with images and videos to enhance their understanding of the topics.
2. Quizzes and Tests: Quizzes and tests were conducted to assess the students' knowledge, fostering an engaging and competitive atmosphere.
3. Group and Individual Discussions: We held individual and group discussions after each session to make learning more fun and interactive.
4. Feedback: Regularly collected feedback from the students and set goals for continuous improvement.
